## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The selectmen have voted to buy a new truck for the town. At this point it might be well to review our equipment and the condition of our equipment.

We have an Allis-Chalmers front-end loader, TL14 that is a 1962. The loader is in very good condition. The Chevrolet pick-up truck is a 1964 and it also is in very good condition. The three dump trucks are International, one is a 1956, one is a 1958, and one is a 1959. We have two other trucks that are both four-wheel drive and used only for plowing. One is a 1952 International and one is a 1946 Chevrolet. The grader is a 1951 Caterpillar, and we have an Allis-Chalmers bulldozer that was made in the early 1940's.

All of the equipment is in running condition and in fairly good condition considering the age of it. The problem that we face is the fact that the maintenance on some of this old equipment is more than the cost of owning new equipment. Another problem that we hope can be corrected with a new truck is the wasted work while plowing some roads. During a normal winter storm one of the conventional trucks can plow all the roads in the East Bethel area except a couple of the dirt roads. After a regular truck has plowed most of the road, a four wheel drive truck has to cover the same ground just to plow a couple of miles of road.

Most people who know trucks I know next to nothing about them, feel that a larger truck than our regular dump trucks with a locking rear axle could plow all the roads in East Bethel in one trip. This would save a lot of duplication on this section of highway. A truck that size would also give us something to fall back on in the event that the International four wheel drive truck broke down during a bad storm.

The tags which certify that a dog has had his rabies shot are available at the Town Manager's Office. All dogs are required to have these tags.

## GREATER BETHEL CHAMBER OF COMMERCE GUESTS OF TELSTAR

Tuesday night about forty-five members and friends of the Greater Bethel Chamber of Commerce met at the Bell Telephone Systems' Earth Station for Telstar experiments, at Andover, for a steak cook-out, as guests of the project's Director, Bardick Pierce.

The evening proved ideal for the out-of-doors affair, arranged by a committee of Roland Glines, Dr. James Hudson, Wilfred Baker and Lewis Sargent.

Following the supper, the group was taken on a complete tour of the project conducted by their host, Mr. Pierce, seeing several things in greater detail than usually given on the regular season's public tour.

This is the last meeting of the Chamber members until Fall, except for several scheduled meetings of the Executive Board to take action on projects now underway.

The Greater Bethel Chamber of Commerce wishes to publicly thank Mr. Pierce for his courtesies as host of the evening and the members of the cook-out committee for making it a successful evening.

Because of the nature of the evening's program no official business meeting was held although unofficial reports of progress were made concerning the printing of the new brochure, the establishing of two information centers, the new advertising take-over by the Chamber on the large billboard at Gray, Maine on the Turnpike, and the Chamber's participation in the Molluskett Day observance. The details of these matters will be taken up at the next Executive Meeting.

### "PETER PAN" AND "MANHATTAN TOWERS" A SUCCESS

"Peter Pan" and "Manhattan Towers," two productions under the direction of Susan Farrar, were recently presented at Bingham Hall and at Odeon Hall, respectively, to delighted capacity audiences. The students and their director are to be commended for excellent performances.

The "Manhattan Towers" audience was captivated by the great variety of gay dancers typifying the high spots of New York. This show will be repeated Thursday, June 4 (tonight) at the Opera House, Norway.

Many who saw the members of the Children's Dance Theater perform in "Peter Pan" at Bingham Hall expressed the desire that it be repeated.

Because of the necessary lighting support so effectively provided by Bingham Hall, the show could not be presented elsewhere and be as impressive.

The colorful set design and costumes were intriguing under the lights. All participants from Tinkerbell to Captain Hook enchanted an attentive audience with their charming characterizations. And those in the audience with the "belief of the young at heart" can truly say that Peter Pan did fly!

It is hoped that it may be repeated for the benefit of those who were not fortunate in being able to see the first performance.
